Arts & Letters 110

COURSE:

"International Security and Culture in Estonia and Russia"
ISCOR 450/GENS 450/HSEC 797 (3 units)

This program explores the societies, culture, economics, and foreign policies of the beautiful Baltic State of Estonia and its much larger neighbor, Russia. Students will spend one week in St. Petersburg, Russia, the City of Czars and birthplace of the Russian Revolution, and one week in Tallinn, the capital of Estonia. We will be hosted by the "Harvards" of both countries: the University of Tartu in Estonia; and the School of International Relations, St. Petersburg State University in Russia. As a student in this program, you will participate in numerous interesting academic and cultural excursions in each city.
